(Held on Sunday, February 24th, 2019 at the Chiba City Lifelong Learning Center)

On Sunday, February 24th, the Food Culture Collaboration was held with a total of 30 participants, including ALTs from Wisconsin. The menu included roast turkey, Bōsō Futomaki Matsuri Sushi, green bean casserole with nanohana, and candied sweet potatoes with marshmallows. After all of the dishes were prepared, the feast began, with a lively and festive spirit enveloping the room. Afterwards, each participant gave a self-introduction. The speeches in both English and Japanese were very friendly, humorous, and personal. The time passed very quickly, and at the end a group photo was taken, bringing the event to a close.
